

NMRHCA Seminar: Understanding Medicare

For most of us, age 65 is that golden moment in which Medicare becomes a significant part of our lives. But understanding Medicare, what it covers and what options are available can be confusing and a daunting task to figure out.

To help our Medicare retirees manage their health care, NMRHCA will continue to offer Medicare Informational Sessions in 2019. These 90-minute sessions will take place in our offices in Albuquerque (located at 4308 Carlisle Blvd. NE) and Santa Fe (33 Plaza La Prensa) starting February 13. The Albuquerque seminars will take place monthly, except October and November (our Switch Enrollment months). The Santa Fe seminars will take place every other month as listed below.

The schedule of seminars is as follows (all times are 9:30 a.m. for Albuquerque and 1:30 p.m. for Santa Fe):
